June 2023

MAY RECAP

The Canadian Race Season has finally gotten underway. May was our first full month of action, we had the opportunity to race in 2 club races (HRKC) and 2 National Races with the Moto Master Ron Fellows Karting Championship.

All the off season Races we competed in down south, and all the pre-season testing/practice we completed, really paid off. We have had a great start to the season, leading both championships! It is only just the beginning, it is a long season and we will be working hard to try and stay in front!

CLUB RACES - HRKC

This year we moved up to Junior class for club racing, this is a much bigger division with tougher competition. I am now the youngest and one of the smallest drivers, we have to add over 40 lbs of lead just to make weight!

Race 1 was awesome, we qualified on pole, won the prefinal and led for 15 of 16 laps but on the last lap my best friend Ari pulled off a great move and took the win.

Race 2 was another great battle but this time I was able to keep the lead and took my first win as a Jr! The club championship is going to be a great fight all year.

NATIONAL RACES - MRFKC

The Ron Fellows Karting Championship (MRFKC) is an 8 race, national level championship where points are awarded for Qualifying, Pre-Final and the Final. The first 2 races took place in May, at Mosport Karting Center. My friend Cole and I dominated both days, he took the win on race 1 and I pulled it off in race 2. We are now even on points, tied for the championship lead.

As an added bonus, after Race 2, my Dad and I were awarded the Team Spirit award.

UP NEXT!

June 3rd and 4th will be the next two MRFKC Races. We are hoping we can pick up where we left off and build a lead in the championship.

The rest of our schedule for June is a little uncertain. Our home track in Hamilton is under construction. The good news is we will be getting a brand new State of The Art Track but the bad news is that they will be closed for at least a few weeks. We will likely take that time to race out of Mosport.

SPONSORS

Huge thanks to my sponsors, Karting at this level would not be possible without your support. Thank you for letting me chase my dreams! Please support those that support me.
